## Pension scheme potential

We hope you will join us at this year's P-Solve Spring Roadshow. Our theme this year will focus on the advantages unique to DB pension schemes and how to make the most of them. Over the course of five 15-minute talks and Q&A, we aim to throw a light on emerging markets, benchmarking, inflation, and making your mind up.

Each session is provided free of charge and will be relevant for your Trustee knowledge and understanding requirements, and will qualify for professional CPD.

### Maximising your potential ~ Danielle Jacques

Investment decision-making is famously hard to get right, and today's markets are not making the challenge any easier. But pension schemes still enjoy certain advantages over other investors. And there are insights and fresh perspectives that can help them find their way towards the outcomes they need.

### Demerging markets ~ Ravi Cheema

Thinking of emerging markets as a single asset class may be more of a hindrance than a help. To translate economic growth into good investment returns, investors may need to look at the question from a fresh perspective.

### Unmasking triumph and disaster ~ Michael Burdett

An ideal benchmark would help investors test for skill at every turn of the market. The tools we actually have are less than perfect, but skilful use of them can still deepen our understanding of investment success and failure.

### Dark inflation ~ Dan Banks

Economic theory and the lessons of history tell us that inflation must be present, given the years of central banks pumping liquidity into the system. But where is it? Like dark matter in the universe, we know it must be there, but we cannot see it. Or is it about to make its presence felt?

### Trustees on the couch ~ William Hutchings

What would Sigmund Freud have said? The father of psychoanalysis and his followers saw groups getting into all sorts of trouble, and herding had nothing to do with it. The good news is that boards can improve their investment decision-making – if they want to.

## Event locations

### The Forbury Hotel, Reading

Tuesday 26th April

Registration from 10:30am with seminar and informal lunch to follow in the hotels courtyard restaurant

### Park Regis, Birmingham

Thursday 28th April
